

MEDIA K400 PLUS WIRELESS TOUCH KEYBOARD

TOTAL CONTROL FROM YOUR COUCH

A Wireless plug-and-play keyboard with integrated touchpad for total control of your TV-connected PC from your couch. K400 is a quiet, easy-to-use keyboard with a built-in touchpad, plus all the hotkeys Windows® and Android™ users know and love. Complete with media controls that make navigating your PC-controlled TV a breeze.

Key Features

DESIGNED FOR LAID-BACK CONTROL

The built-in touchpad keeps your typing and navigation all in one place. When it comes to your PC-controlled TV, K400 makes navigation easier with no need to connect keyboard and mouse separately (or get off the couch). So you can seamlessly watch videos, browse the web, or chat with friends.

BUILT TO KEEP GOING

K400 is built with the same high quality and reliability standards that have made Logitech the #1 global leader for mice and keyboards. Up to 18 months of battery life eliminates the hassle of frequent battery changes, with a handy on/off switch and power-saving technology that preserve battery life. The spill-resistant design and durable keys keep you on-track despite any mishaps.

QUIET KEYS, LARGE TOUCHPAD

Comfortable, quiet keys and a large touchpad make navigating entertainment effortless, even setup is a snap thanks to the tiny, plug-and-play USB Unifying receiver.

WIRELESS AND COMPATIBLE

Powerful, lag-free wireless gives you up to 10 meters of freedom with no delays or dropouts. Designed for use with Windows 7, Windows 8, Windows 10 and later, Android 7 or later, and ChromeOS™.

CUSTOMIZABLE

Use it right out of the box, or customize your controls with Logitech Options software. Preset controls make it easy to adjust volume, make selections, or use your favourite Windows and Android shortcuts.

DECADES OF DESIGN EXPERTISE

With more than 22 years experience designing high-quality keyboards, we carefully design, develop, prototype, and study all the essential components of our keyboards, from the core technologies to the comfort and ergonomics of their design. We strive to provide each individual with their ideal typing experience, according to their stature, lifestyle and deskpace.
