

FVP-1201N

The newly introduced Forza FVP Series features a unique innovation in the industry: 350° rotating outlets to easily accommodate and position all your components without obstructing other available receptacles.

The handy on/off switch also helps reduce standby power consumption. Most importantly, the FVP Voltage Protector will automatically guard your equipment against brownouts or transient spikes induced by lighting or power line failure.

350° rotation
Exclusive design to free other wall power outlets.

Built-in delay
15/30/180 sec
Adjust it depending on the equipment you want to protect.

On/Off Switch
Convenient on/off switch saves energy.

Internet, DSL Fax/Modem Protection
Protects your network, phone and data lines from dangerous and costly lightning surges.

On/Off switch promotes power conservation

STANDARD APPLICATIONS

- Multifunctional printers and copiers
- Projectors and LCD screens
- Soda and coffee machines
- Computers and laptops
- Telephone switches
- Routers / Modems

CONNECTIONS	FVP-1201N
Input	
Output	

MPN	FVP-1201N
Model	Zion-2K10
Overview	
Voltage	110/120VAC
Voltage range	90-140VAC
Frequency range	50/60Hz Auto sensing
Power line surge energy rating	900 Joules
Surge protection imax	18000A
Input connection type	NEMA 5-15P
Total number of outlets	NEMA 5-15R
Built-in delay	15/30/180 sec
Switch	On/Off
Visual indicators	3 LEDs on top cover
Color	Black
Dimensions (L x W x H)	100 x 45 x 45mm
Net weight	143g
