## C270 HD Webcam

### Simple HD video calls

The C270 HD Webcam gives you sharp, smooth conference calls (720p/30fps) in a widescreen format. Automatic light correction shows you in lifelike, natural colours.

# Key Features

## Widescreen HD 720p video calls

Crisp HD 720p/30 fps video calls with diagonal 55° field of view and auto light correction. Compatible with popular platforms including Skype™ and Zoom®.

## Mono noise-reducing mic

The built-in noise-reducing mic makes sure your voice comes across clearly up to 1.5 meters away, even if you're in busy surroundings.

## Auto-light correction

C270's RightLight™ 2 feature adjusts to lighting conditions, producing brighter, contrasted images to help you look good in all your conference calls.

## Firm mounting option

The adjustable universal clip lets you attach the camera securely to your screen or laptop, or fold the clip and set the webcam on a shelf. You're always ready for your next video call.

## For schools

Whether presenting live or recording material for sharing later, a standalone webcam provides the flexibility students and teachers need. Take still or video images from different angles and show work more clearly to make learning more dynamic, detailed and interactive.

# Specs and Compatibility
