

FVP-1201B

The newly introduced Forza FVP series features a unique innovation in the industry: 350° rotating outlets to easily accommodate and position all your components without obstructing other available receptacles.

The handy on/off switch also helps reduce standby power consumption. Most importantly, the FVP Voltage Protector will automatically guard your equipment against brownouts or transient spikes induced by lighting or power line failure.

The first 3-in -1 voltage protector in the market, the Zion -2K10 will automatically guard your equipment against potentially damaging power fluctuations and other irregularities in the electrical supply.

- ✓  Reliable protection
- ✓  Delay timer
- ✓  Rotating outlet
- ✓  On/Off switch promotes power conservation

STANDARD APPLICATIONS

- Refrigerators
- TVs
- CD/DVD Players
- Computers
- Game consoles
- Air conditioner
- Appliances
- General electronic devices

CONNECTIONS FVP-1201B

Input	
Output	

MPN		FVP-1201B
Model		Zion-2K10
General		
Voltage		110/120VAC
Voltage range		90-140VAC
Frequency range		50/60Hz auto sensing
Power line surge energy rating		900 Joules
Surge protection imax		18000A
Input connection typex		NEMA 5-15P
Total number of outlets		NEMA 5-15R
Built-in delay		15/30/180 sec
Switch		On/Off
Visual indicators		3 LEDs on top cover
Color		White
Dimensions (D x W x H)		100 x 45 x45mm
Net weight		143g
